<b>Other technologies</b>	Digital Marketing

#### CERTIFICATIONS AND LICENSES

Authority	Courses	Expiration Date
<b>Aiwozo</b>	RPA from Scratch Certification, Aiwozo RPA Developer Certification, RPA Solution Architect, Aiwozo RPA Business Analyst	No Expiration Date
<b>LEAPS</b>	Fundamentals of Data Analytics, Machine Learning – Linear Regression	No Expiration Date
<b>IBM</b>	Game – playing AI with Swift for TensorFlow, Machine Learning with Python – Level 1, Data Science Methodologies, Data Science Tools, Hadoop Administration – Level 1, IBM Cloud Essentials, Docker Essentials : A Developer Introduction, Big Data foundations – Level 1, Data Analysis Using Python, Data Visualization Using Python, Python for Data Science, Data Science Foundations – Level 1	No Expiration Date
<b>Cisco</b>	Networking Basics, Network Addressing and Basic Troubleshooting, Endpoint Security, Introduction to IoT, Data Analytics Essentials, Introduction to Cyber security, Networking Devices and Initial Configuration, Operating Systems Basics, NDG Linux Unhatched, Computer Hardware Basics, Introduction to Packet Tracer, Python Essentials 2, Python Essentials 1	No Expiration Date
<b>DATAMATICS</b>	TruBot 4.0 – Cockpit Personal exam with merit and is accredited to manage the RPA Solution using TruBot 4.0	No Expiration Date
<b>freeCodeCamp</b>	Scientific Computing with Python, Data Analysis with Python, Responsive Web Design	No Expiration Date
<b>Sololearn</b>	Machine Learning, R, C#, C++, Data Science, Game Development with JS, GO, Intermediate Python, JAVA, JavaScript, Kotlin, Python Data Structures, Python for Beginners, Python for Data Science, Python for Finance, Angular JS, Ruby, Swift 4, jQuery, C, CSS, Coding for Marketers, HTML, PHP, Python Core, Responsive Web Design, SQL	No Expiration Date
<b>Ministry of Electronics and Information Technology</b>	Digital Fluency Badge- Future of AI	No Expiration Date
<b>SSC</b>	Certified Software Developer and Support Engineer	No Expiration Date
<b>Great Learning</b>	Master Data Science in R , Mastering Big Data Analytics	No Expiration Date

<b>Cursa-Free onlinecourses with Certificate</b>	Python by Traversy Media, Beginners guide to Graphic Design by Gareth David, Rust for beginners by Microsoft, Adobe Photoshop for beginners by Gareth David, Be a master in design,Advanced Photoshop by Creatnprocess, Adobe illustrator by Gareth David, Adobe XD Tutorials by DesignCourse, 30 Days to Learn HTML and CSS by Envato TutsPlus, UX user experience design by Google, Wordpress for Beginners to Advance by WsCube Tech, Artificial Intelligence by CrashCourse, Business English course by BED, Mobile phone repairing SkillTrain, Python with BartonPoulson, iOS Development with Swift by The new boston, C as your first Programming Language by Course Grinder , MySQL database by Thenewboston	No Expiration Date
<b>Google Digital Unlocked</b>	Fundamentals of Digital Marketing	No Expiration Date

## EXPERIENCE

### COMPUTER OFFICE STAFF - 6 Months

#### SREE VINAYAKA CONSULTANCY

Computer Support and Services in Enadimangalam , Kerala

## ACHIEVEMENTS & AWARDS

### CERTIFICATE OF PROFICIENCY

Certificate of proficiency in Software Developer – Training of SSC Course curriculum for SSC Mentionlevel in Software Developer and Support Engineer from 24/01/2022 to 23/07/2022

### ACADEMIC ACHIEVEMENT

- 🕒 Best Paper Award won in National Conference on Advances in Computing Communication Signals Energy and Technology ACCSET'21 conducted by College of Engineering Vadakara
- 🕒 Presented a paper on the topic 'Indirect Diffused Light Free-Space Optical Communication for Vehicular Networks' in the ICSET Conclave 2021 organized by ICT Academy of Kerala on the 15<sup>th</sup> and 16<sup>th</sup> of March,2021.

### COLLEGE SPORTS MEET

- 🕒 300m run-3<sup>rd</sup> prize-ASTRA 2020
- 🕒 4\*100m relay girls-1<sup>st</sup> prize-ASTRA 2020
- 🕒 4\*100m relay girls-3<sup>rd</sup> prize-ASTRA 2018

## PROJECTS

### 🕒 HEALTH CARE SYSTEM FOR PARALYSIS PATIENT USING IOT

To design a device for helping the paralysis patient to convey the various needs to the concerned person who are taking care of patient as well as to monitor the primary health status of the patient.

### 🕒 CELLPHONE CONTROLLED ROBOT WITH FIRE DETECTION SENSOR

To design a Bluetooth Controlled Robot using Arduino for automatically detect the fire and avoid the obstacles of the Robot goes beyond the line of sight.

## INTERNSHIP

In-Plant Training on Telecom Technologies conducted by BSNL,Kollam for two weeks during June 2018

## DECLARATION

I hereby declare that above details are true to the best of my knowledge and belief,

Sincerely  
JIJINA JOHNSON
